Items en-route to HQ.

Boss, there is a box labeled for you as well, that has everything identified below, in addition to a few extra briefing documents (i.e. the 1A + Misc Box, and a FD-597 form that needs completed).

I just spoke to Darcy, who is completing the 597.

That is all terrific, thank you very much. Can I ask – when your team was running the new, later-received victim names through all the pages to determine if they showed up, is it possible to get a tutorial of how to do that? We would be interested in doing the same here as part of back-end QC checks.

Good morning [redacted] b6 per OIP

The team is currently in final Phase 3 and I anticipate a delivery being ready around COB today. Darren will coordinate delivery once we have everything prepared.

To the question below, we have prepped [redacted] b5 per OIP
[redacted] We will provide a separate document of these items, depicting file name and page as flagged in redaction and review.

We are also including a table of contents/inventory checklist as requested and discussed; and to be helpful, the team is preparing a user guide for Adobe Acrobat Pro, as well as a quick reference sheet created to assist with the redaction functions of Adobe.

We are almost there.

Justin,

Good copy and I just spoke with [redacted] for the red side revised header (five) documents. b6 -1 b7C -1

[redacted] is down drafting to green. All other documents remained the same as they were delivered. We did remove the cover page on both PPTs which had the IMD logo on them but everything else was left as is. b6 -1 b7C -1

I just spoke to Darren. He needs all of these files in an email and tonight to send to DOJ.

I don't have the revised versions on Green. Please package and send to me for passage to Darren.

We need the electronic version as modified to remove IMD letterhead.

Thanks
