Boss/Chad - Were hearing the Director wants to meet with us sometime this morning RE the Epstein case. We'll have the team ready, of course, but if you have any insight as to what the questions will be that would be helpful. Just want to be prepared for questions because we know you all are probably under a tight time crunch.

Hi there, I'm working on a story about Dan Bongino and his importance to many of President Trump's supporters, something that has been magnified by the controversy around the Jeffrey Epstein documents.

I wanted to see if the FBI or Deputy Director Bongino wanted to provide a comment for the story. Does Mr. Bongino intend to continue on in his role for the foreseeable future? Does he have any message for supporters who are concerned he may resign?

Let me know if there's anything I should include in my story. Thanks.

Kash and Dan,

Please disregard the prior email, which is incomplete. FBI and DOJ personnel and attorneys (including ODAG attorneys) talked over the weekend, and the below and attached is the new plan for review and redaction of the Epstein files [redacted] They have teams of DOJ lawyers ready to help review. FBI has not committed to a deadline, but will work at an expedited pace to comply.

We have not been asked to approve a release to the public yet. However, I suggest we discuss our position in case DOJ asks us to concur with release. Please let me know if you have any questions.

This is the approved DOJ plan, received 11:21pm. DOJ still needs to deliver materials to use under Category 5 redactions in order for us to launch this morning, but I wanted to document their approval, and ensure you are tracking and approve on our end.

As noted in the Teams call and our subsequent comms yesterday, [redacted] Training is scheduled for 0900 to allow time for DOJ to provide Category 5 materials.

Good evening,

I hope everyone found our Teams call as productive as I – thank you and your teams for a bit of a marathon call, but certainly helpful and necessary in scoping the categories and timeline.

I have provided updates to the proposed project plan in green, and welcome your additions/edits.

In addition, all FBI location POCs also have a list of Security and IT who will assist with access, etc.

The team has a few additional points of clarification, and I suggest a call is better to discuss and then I can follow up on the below with a clean version to proceed for approval.

There are a few follow up issues regarding Categories 3 (sealed materials) and 5 (Privacy Act).

I've included notes in purple below.

I can send a Teams call invite for 2:45pm or 3pm to this group on To: line and our lead redaction executive. Let me know which works better (or another time)

Subject: Revised Project Scope: Review and Approval Requested

Good morning,

In an effort to pull together emails, updates, calls from yesterday to produce a final project scope for relaunch of efforts related to the Epstein Special Project, I am providing the below for DOJ review and approval. Upon approval, FBI will rescope the project plan to account for additional redaction categories, and will include estimated time of relaunch of Phase 1 (the redaction phase).

As an aside to the above, prior to this relaunch with revised additional redaction categories, as of the writing of this email, the team has completed 97% of all phases (redaction, initial review, final quality assurance review) of all investigative case materials with victims, victim PII, and names of FBI/DOJ personnel redacted – delivery of completed disks would have been today.

Please review and provide approval to launch the below, and let me know if I've missed anything.
